Re Annual Review of Licenses for Renewal

The Department of Planning and Community Development has completed its review of your submitted list of applicants for license renewal. We investigated each licensed location in the community and noted those businesses where some attention might be needed. Those businesses are highlighted in yellow in the attached spreadsheet.

Our department appreciates the efforts to address the signage issues as a part of this license renewal process. We are willing to assist the Inspectional Service area in resolving signage issues so that the community can be seen to offer a pleasant environment for businesses, residents, shopping and dining experiences—with signage supporting the easy identification of these sites.

Please contact us if additional information is needed.
